HELEN J. SIMPSON,  
Librarian

Increased interest in the use of the library is revealed in the additional number of books circulated this year.

The value of the Student Book Project has proven

itself and prompts us to recommend a continuation of this educational service.

The State Bookmobile has provided us with much supplementary reading which would not otherwise have been available.

Suggestions for improving the use of the Library will be most welcome by the Trustees.

## REPORT OF THE SCHOOL BOARD

At six o'clock on March 11, 1957, the annual school district meeting of Newfields was held at the town hall.

Elected for the ensuing year were Richard Ryan, moderator; Mary B. Hallinan, clerk; Ruth E. MacDougall, treasurer; Henry C. Pierce, auditor; and William A. Warren, member of the school board for three years.

In September, an increased enrollment necessitated the hiring of a fourth teacher. Mrs. Wilma Gibson of Durham was hired. Mrs. Ruth Goffe was elected to be Principal, as we felt the school had increased to warrant one.

A telephone was installed to take care of any emergency that might occur. Movable desks and seats were purchased for the third classroom, leaving one more room to be equipped with movable furniture. The driveway was extended around the school.

We wish to thank Mrs. Thomas Smith of Exeter for her gift of a piano in memory of her brother, Daniel J. Lynch; and to Mrs. Lawrence Pettingill of Fremont for her gift of a piano. We are grateful to both for their generosity. We also thank the men who helped move the pianos.

Conditions and behavior on the school bus have greatly improved.

We compliment on work well done our superintendent, Mr. Raymond A. Hoyt; our teachers, Mrs. Ruth Goffe, Mrs. Gladys Chick; Mrs. Wilma Gibson, Mrs. Helen Swetland; our school nurse, Miss Mary G. Shea; our music supervisor, Mrs. Eleanor Henry; our truant officer, Mr. John C. Liberatore; our janitor, Mr. Robert Morrell.

We express our thanks to the Parent-Teachers Association for its support and cooperation.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Newfields, New Hampshire:

The school year 1957-1958 opened with the following teaching staff:

Mrs. Ruth Goffe, Principal and teacher of Grades 1-2

Mrs. Gladys Chick, Grades 6-7

Mrs. Wilma Gibson, Grades 4-5

Mrs. Helen Swetland, Grades 2-3

Mrs. Eleanor Henry, Music Teacher

Miss Mary Shea, School Nurse

Mrs. Wilma Gibson of Durham was elected to replace Mrs. Edna Harvey who resigned late in the summer. Mrs. Helen Swetland of Newfields was elected as a fourth full-time teacher. In order to keep the number of pupils in each room about the same, two teachers were assigned to teach the lower three grades, and two teachers to teach the upper four grades.

The school with an enrollment of over one hundred and with four teachers was large enough to warrant having one of the teachers serve as principal. Mrs. Ruth Goffe was elected to that position and she has accomplished much in coordinating the general procedures and the rules and regulations of the school.

I am pleased to state that the Exeter School Board has voted to admit the eighth grade students from Newfields to the Junior High School in Exeter next year.

The six school districts of East Kingston, Exeter, Kensington, Newfields, Stratham and Brentwood for the past year have been studying the pros and cons of forming a cooperative district at the junior-senior high school level. The idea was discarded when it became apparent that there would be no financial advantage to the Exeter School District which would bear 71% of the cost in the formation of such a cooperative.

A better arrangement as far as Exeter is concerned would seem to be in the direction of Exeter's financing

an addition to the present high school plant and then entering into a contract arrangement for tuition with the surrounding districts that would like to send their students to Exeter either for Grades 7-12 or 9-12. The Exeter School Board is presenting such a plan for an addition to the Exeter voters this year.

In order to give support to the Exeter proposal, the school boards in the other five districts which participated in the cooperative study have agreed to place an article in the school warrant asking the voters to vote on the matter of sending students to Exeter if suitable housing facilities are provided. This will give Exeter the needed information as to the size of the addition that should be planned as well as some ideas as to the tuition revenue that may be forthcoming.

I feel very strongly that Exeter should continue to be the educational leader and center at the high school level for the surrounding area and I sincerely hope that Exeter and the bordering school districts will give full support to the above plan.

The school enrollments of the six districts which comprise Supervisory Union #16 have grown 58% during the last ten years that I have been superintendent. This increase is from 1245 pupils in 1948-1949 to 1966 pupils in 1957-1958. Because of this growth it is obvious that the work loads of the school nurse, the Union secretary and the superintendent of schools, who are the Union employees, have increased proportionately.

At the Supervisory Union budget meeting in November, it was voted to furnish an assistant nurse to work with Miss Shea, and to increase the secretarial help in the superintendent's office so that one and one-half secretaries would be provided instead of the present one and one-quarter. This action is to become effective in September, 1958.

It was also agreed that the first step towards providing assistance for the superintendent would be taken

at the school meetings this year. This would be in the form of an article asking the voters to consider the addition of a Helping Teacher effective in September, 1959. Such a person would assist the superintendent in many ways but his primary function would be that of an elementary supervisor who would work closely with all of the elementary teachers in the Union in co-ordinating the elementary program and suggesting improved methods of teaching.

A state law provides for five assistant superintendents and these are located in the larger cities. It also provides for administrative assistance in the larger supervisory Unions through the so-called Helping Teacher. The law states that whenever a majority of school districts in a Union representing not less than 85% of the total pupils vote favorably, a Helping Teacher may be established.

At present there are ten unions which have Helping Teachers as follows: Milford, Plaistow, Lebanon, Peterborough, Tilton, Hampton, Hudson, Derry, Newport and Laconia. The state pays \$2,500 of the salary of this person. The remainder of the salary is pro-rated according to the Supervisory Union percentages.

I believe that the addition of a Helping Teacher would do much to strengthen the educational program in our Union.

The Parent-Teacher Association continues to contribute to the welfare of the school particularly through the dental program.

I call your attention to the reports of the school nurse and of the music teacher and to the tables which follow.

I wish to extend my appreciation to the citizens, the members of the School Board and the teachers for their continued support and cooperation.

Respectfully submitted,  
 RAYMOND A. HOYT,  
 Superintendent,  
 Supervisory Union #16

## SCHOOL HEALTH REPORT

To the Superintendent of Schools:

The past year has been an average one in regard to the health of the children of Newfields. Ninety-six per cent of the children have received their third and final polio shots. A very few have had none at all, The dental program sponsored by the P.T.A. has done a wonderful job of repairing many of the dental needs of the children. There are still a few who need a great deal more done.

All the pupils in grades 1-3-6 whose parents gave their consent have had physical examinations. This was sponsored by the School Board and Dr. John Tut-hill was the examining physician. Many minor physical conditions were found and referred to family physicians for further care. All the children participating in this program had the test for sugar and albumen prior to the examination.

Vision tests have been done on all the children and hearing tests on about half the children so far this year. The vision test results showed twenty-four per cent taking home notes to parents with recommendations that they see their family eye specialist. The hearing tests showed no real deafness but we do have many minor hearing difficulties.

The completion of this year's health program will include the following:

1. Finish the hearing tests.
2. Patch test all the children.
3. Hold a clinic for booster shots for tetanus, diphtheria and whooping cough.

Our sincere thanks to all the teachers who have helped us in our work; to the P.T.A. which has assisted us in various tasks; and to the School Board that has seen the necessity for assistance in carrying on the health program. This latter will pay dividends by help-

ing to protect the school children through providing better services and by resuming the health education which has had to be curtailed due to the increase in the number of pupils.

### REPORT OF THE MUSIC SUPERVISOR

To the Superintendent of Schools:

A well-rounded music program should provide the pupils with certain musical experiences each year, so that there is necessarily some repetition in the yearly music report.

Each pupil should have the chance to experience a wide variety of pleasant musical activities with the hope that from these he may find something that will help enrich his life.

Singing provides an excellent means of self-expression. Helping a child find his singing voice is extremely important in the lower grades. Rote songs, singing games and action songs provide happy experiences for first and second graders. When a child reaches the point of reading readiness, he is provided with a song book. Modern music books contain a wealth of good singing material. Folk songs, religious and patriotic songs, and songs that can be used in correlation with other studies are included. Two-part singing is generally begun during the last part of the fourth grade, with three part singing beginning in the sixth grade.

Rhythms are another important means of self-expression. Clapping, walking, running, skipping, galloping, see-sawing and skating to music are a few examples of lower grade rhythmic activities. Rythm band and dancing are included in the program. Folk and

square dances are enjoyed by the pupils of the upper grades.

Work with tonettes, listening to records, learning the fundamentals of music and note reading are included in the music program each year.

In the spring a musical program was presented by the pupils of the school at the Town Hall. With the proceeds from this program, a new divan was purchased for the teachers' room in the schoolhouse. Much credit is due the teachers for helping to make this program a success.

The pupils also participated in the Memorial Day program.

A Christmas pageant was presented by Mrs. Gibson's pupils in the classroom.

We wish to acknowledge the gift of two pianos for the schoolhouse, Mrs. Thomas Smith, who formerly attended school in Newfields, and who is a sister of Daniel J. Lynch, gave one. The other was given by Mrs. Lawrence Pettingill of Fremont. We are indeed grateful to both for their generosity.

In the fall, new music books were purchased for the sixth and seventh grades, as well as tonette books for the third and fourth grades.

In closing, I wish to thank Mr. Hoyt, the teachers, the Parent-Teacher's Association, the Newfields School Board and the parents for their co-operation.

Respectfully submitted,
